GLASS ROD!

Mr. E. F. King, of South Norwood, writes:

I caught his pike on the 7th October, using a Nu-Glas spinning rod with Mitchell fixed spool reel and a 5 lb. breaking strain line. I was not spinning but using small carp for live bait. The fight lasted for about 5 to 10 minutes before being gaffed, it was then taken and weighed by Mr. Mitchell who owns the fishing rights. I would like to add, I am more than pleased with the performance of my rod, having had several 6 to 8 lb. pike this year!

* PIKE 14½ lbs. caught on LIVE BAIT by Mr. King of 10, Apsley Road, Norwood, at OLDEURY HILL LAKE, DORKING. Witnessed by resident Bailiff, Mr. Mitchell.
